Department Of Law University Of Engineering and Management

- Legal Education and its teaching in India now are at the crossroads. Department of Law, University of Engineering and Management, Kolkata strives to offer the best in legal education in order to prepare its students for the diverse spheres of Litigation, Corporate legal practice, Legal academia, Legal Research, Social Service and Public Leadership. Conventional law teaching with its traditional subjects is no more adequate to court practice.
- It is the need of the hour to customize law with science, management and engineering. With this perspective, the Department of Law, University of Engineering and Management offers 5-years integrated B.B.A.LL.B courses in law (approved by BCI) and 2-years LL.M course on Corporate and Financial Laws and Intellectual Property Rights Laws that has been carefully crafted and designed to prepare its graduates for rewarding careers in various dimensions of legal services.
- The academic year is divided into two semesters of equal duration, which are followed by examinations at the end of each semester. Students undergo rigorous skill development through project writing, viva voce, and class presentation. The course combines purely legal theories with social sciences and business administration, to provide our students with a holistic appreciation of law in its interaction with society from a multi-disciplinary perspective.
- The law program offers new opportunities in various areas of specialization, such as criminal law, cyber law, civil law, constitutional law, environmental law, treaty law, income tax law, IPR laws, banking laws, media laws, and many more.
- Students are encouraged and also interns at various reputed organizations during scheduled intervals.
