Dear Sir,

Re: Grading for Engineering course offered by University of Engineering & Management, Jaipur (UEM) (Grading Details and Grading Scale in Annexure)

Please refer to your mandate letter dated March 23, 2017 requesting ICRA to assign a grade to the engineering course of your institute.

Please note that the Grading Committee of ICRA, after due consideration, has assigned "EG3+ IN" (IN Stands for "All-India")(pronounced as E G Three Plus I N) grade at the all-India level, indicating that the course-related resources and processes can deliver good quality engineering education. The Grading Committee has also assigned "EG2 RJ" (RJ stands for "Rajasthan" State) (pronounced E G Two R J) grade at the state level to the institute, indicating that the course-related resources and processes can deliver high quality engineering education.

In any of your publicity material or other documents wherever you are using the above grading, it should be stated as "EG3+ IN" grade at the all India level and "EG2 RJ" at the state level. We would appreciate if you can sign on the duplicate copy of this letter and send it to us as a token of your acceptance and use of the assigned grade. The rationale for assigning the above grading will be sent to you on receipt of your confirmation about the use of the grade, as above. Any intimation by you about the above grading to any Student/ Government Authorities / Banker / Stock Exchange / any other third party would constitute use of this grading by you.

The aforesaid grading is subject to the following:

1. Grading is not a recommendation to, inter alia, pursue the graded course(s) and/or deal with the graded institution. Further, grading is not a certificate of statutory compliance by the graded institution.
2. Once the grade is accepted, the same would be subject to annual surveillance for a period of two years and the institute would not be entitled to request to withdraw the grade during such time. The grade can however be revalidated after a period of two years on the basis of a fresh mandate after that period. ICRA reserves the right to suspend, withdraw or revise the grades at any time on the basis of new information or such other circumstances (including any misrepresentation of the grades), which ICRA believes, may have an impact on the grades assigned to you. You are under obligation to display only the latest grades.

website : www.icra.in
email : info@icraindia.com

3. In any of your publicity material or other documents wherever you are using the above grades, the graded institution and/or graded course(s) should be clearly identified and grades clearly stated.
4. You are required to keep us informed of the progress details of major initiatives and developments, which may have a direct or indirect impact on the operations and capability of the institution.
5. You are requested to keep us informed of any material development at the institute or course level.

We thank you for kind cooperation extended during the course of the grading exercise.

With kind regards,

Yours sincerely,
For ICRA Limited

Annexe

S. No.	Name of the Institute	Course	Grade	
			All-India	State
1	University of Engineering & Management, Jaipur	Engineering	ICRA EG3+ IN	ICRA EG2 RJ

Note:

1. The definition of the grades assigned are as under:

Grading Scale

Symbol	Definition
ICRA EG1(IN/ST)	<i>The institution has resources and processes that can deliver very high quality engineering education.</i>
ICRA EG2(IN/ST)	<i>The institution has resources and processes that can deliver high quality engineering education.</i>
ICRA EG3(IN/ST)	<i>The institution has resources and processes that can deliver good quality engineering education.</i>
ICRA EG4(IN/ST)	<i>The institution has resources and processes that can deliver moderate quality engineering education.</i>
ICRA EG5(IN/ST)	<i>The institution has resources and processes that can deliver only low quality of engineering education.</i>

Note: IN stands for "all-India" and indicates that the Grading is an all-India-level Grading; ST stands for "State" and indicates that the Grading is a State-level Grading. For the Grading categories ICRA EG2 through to ICRA EG4, the sign of + (plus) may be appended to the Grading symbols to indicate their relative position within the Grading categories concerned.
